

In my community K-LOVE serves me by providing commercial free, positive & encouraging programming. The loss of K-LOVE by being replaced by a LPFM station in this community would have an adverse affect on the availability of "Family Friendly" radio programming. K-LOVE serves our community by fostering good will between community members, hence enhancing the quality of life in our community. Please do not allow LPFM to displace such worthwhile stations as K-LOVE in our communities!!!
Thank you.
